

The Presbytery of Susquehanna Valley

PO Box 87, Nineveh, NY 13813 ~ www.susvalpresby.org
Ph: 607-323-4477 ~ Fax: 607-323-4479 ~ pmc@susvalpresby.org

Dear Brothers & Sisters of Susquehanna Valley Presbytery,

I am writing to you all on behalf of the Cabinet to follow up on the information you heard at the Presbytery Assembly on Saturday, September 21. In the attached pages, you find will one document about the Special Administrative Review Committee's scope of work with the Presbytery but also understanding that as they conduct their review the original scope could expand to include other things. Their purpose is to study and recommend actions to the Synod Mission and Ministries Commission that formed them. Their report will be then be sent to us with their recommendations.

The second document that you are receiving is information on the SARC members. As you read through each of their biographies, you will see that we have a talented and gifted team working with us. As the process unfolds, you will have opportunities to communicate with the team at any time through their email. The team members are the only ones that see those emails.

The Cabinet is excited about the SARC members beginning their work. We, the Cabinet, ask that you keep the Presbytery leadership and the SARC members continually in your prayers. In Isaiah 43, we read: "Do not remember the former things, or consider the things of old. I am about to do a new thing; now it springs forth, do you not perceive it?" (Is 43:18-19 NRSV) God is truly beginning to do something new in our midst.

In Christ's Service,

Robert Peak, Cabinet Chair
